Cold EMAIL Structure example below:

Subject line example:

XYZ, open for potential collab?
I have a quick question? mind if i ask?
Hey XYZ your fan and subscriber here…

Email Body:

basic structure:
Name
Appreciation // how did you found them
About you // your pitch
Ask if they need your service
Opt out

Templates for cold email/ DM pitch:
For Video editing:
Hey XYZ,
Youtube recommended me one of your videos, you post awesome stuff.
Btw, I was wondering do you guys need a video editor and youtube growth strategist who works specifically with Dental clinics?
Is this something yo are considering?
LET ME KNOW IF YOU WANT TO SEE MY WORK SAMPLES!
If not, reply with “NO” and I will remove you from my follow up list!
Keep creating content!
-him

For SEO services:
Hi XYZ,
I was searching for dentist in LA and i found you are running ads.
I am an SEO expert have been in industry for X years.
I have helped 10+ clients rank on dentist related keywords on google in New York.
Let me know if you want to see my case studies.
Take Care
-H
“Please respond with a quick "No" if you don't want to be messaged again.”

For Web Design Services:
Hi XYZ,
I was searching for dentists in LA and I found your ad on google.
I saw your website, found few things that might be ruining your conversions.
I created this report for you that can help boost sales.
Whom do I send it to?
Take Care
-H
“Please respond with a quick "No" if you don't want it.”

Cold DM/EMAIL strategy:

- Send 15 on each platform in morning and evening, and in noon either chill, watch my videos or create content.
- Follow ups are crucial too; 95% people wont reply on first DM or email so following up is important
- Follow up every 2 days upto 5-8 times.

- Track everything on an excel sheet.

What not to do? (Important):

- Sending wrong messages
- To salesy
- Too unclear
- Sending “Hi” as first message
- Spamming
- Grammar and typos in messages/pitch
- No follow ups
- Too frequent follow ups
- Not engaging with their content (like, comments etc)
- Doing the same things even after not getting results.
- Not iterating

Chapter 6: Zoom/google meeting with clients

Create your free calendar booking page like mine:

1. https://calendly.com/
2. https://tidycal.com/
3. https://acuityscheduling.com/

To get them on call and discuss pricing and project just say: “***hey can we schedule a quick zoom call to discuss everything in detail?”***

And then send your calendar link if they say “**YES”.**

Chapter 7: Closing the deal

Few tips on sales and closing:

- Be confident even if you are nervous and screaming inside
- Listen carefully
- Take notes
- Nod and understand what they want
- Emulate and speak in their language and show them you will do exactly what they need
- Sell results not your service
- Be cheerful and SMILE :)

Client is no way superior to you, tell your prices confidently and charge as much as you can.
